## FREQUENTLY ASKED QUESTIONS

- Q. How many songs can be played during a 4-hour dance?
  - A. 60-80 songs can be played.
- Q. How many songs should we select?
  - A. As many as you like, however, we have found that if you keep your requests to 10-20% of the songs played this will give you and your guests the opportunity to request songs during the dance and allow room for the disc jockey to blend types of music together so people dance throughout the night.
- Q. What time should the special events take place?
  - A. Your disc jockey will coordinate the times with you at the start of the dance.
- Q. When should we pay the balance of our entertainment agreement?
  - A. Pay the disc jockey before the dance ends.
- Q. Should we tip the disc jockey?
  - A. Any gratuity or tip you wish to pay the disc jockey for their performance is appreciated.
- Q. What if we want the disc jockey to play longer?
  - A. Notify the disc jockey at least fifteen minutes prior to the scheduled ending time. Rates are as listed in your entertainment agreement and are due prior to the start of the additional time.
- Q. What if there is a song that we want played that is not on the song list?
  - A. Feel free to list your request(s) below and we will attempt to find them. Requests must be made fifteen (15) days prior to the show date.
- Q. What if there is a song that we have on our own CD that is not on your list, can we bring it?
  - A. Yes. Mark your CD's so that they can be returned to you.
